KNOW YOUR RIGHTS: Los Angeles, CA Paid Sick Time

1) What does the Los Angeles Paid Sick Time law do?
It gives workers up to 48 hours of sick time a year, which can be used to recover from physical/mental illness or injury; to seek medical diagnosis, treatment, or preventative care; to care for a family member who is ill or needs medical diagnosis, treatment, or preventative care; or to address needs that may arise if the worker is a victim of domestic violence, a sexual offense, or stalking.

2) Am I covered?
If you work as an employee in Los Angeles for at least 2 hours in a particular week and work for the same employer for at least 30 days in a year, you are probably covered, whether you are a full-time, part-time, or temporary worker. However, the law does not cover federal and state employees and a few other narrow groups.

3) How much paid sick time can I earn?
You earn 1 hour of paid sick time for every 30 hours worked, up to a maximum of 48 hours per year.

All covered employees are protected against being fired or punished for using or requesting their sick time (including threats, discipline, demotion, reduction in hours, termination, etc.).

4) What if my work or my child’s school or daycare is closed for a health emergency?
You cannot use your sick time because your work or your child's school or day care is closed unless you would otherwise be able to use your sick time (for example, if you are sick or caring for a sick family member).

5) Which of my family members are covered by the law?
Under the law, you can take sick time to care for yourself or a child, spouse, registered domestic partner, parent, parent of a spouse or registered domestic partner, grandchild, grandparent, sibling, or for any individual related by blood or affinity whose close association with you is the equivalent of a family relationship (such as a close friend who is like family, a significant other, etc.).

6) What if I already have paid leave or paid time off?
If you already get any paid leave (vacation, paid time off, etc.) that you can use as sick time and it’s at least the same amount you would earn under this law, the law does not give you any additional paid time off.
7) **When can I begin using my sick time?**
You start earning sick time immediately but cannot use it until 90 days after the start of your employment.

8) **Do I need a doctor’s note?**
Depending on the circumstances, your employer may require a doctor’s note.

The *Los Angeles Office of Wage Standards* is in charge of enforcing this law.
